

“Two years ago, I had no idea data would influence everything I do.”

Wuhao Xi, future System Analyst

After joining the Siemens Graduate Program, Wuhao developed a passion for data and now uses it to improve the technology that keeps our trains running.

Where will the Siemens Graduate Program take you?

[siemens.com/SGP](https://www.siemens.com/SGP)

**The Siemens
Graduate Program**

Three challenges. Two years. One incredible experience.

If you're looking to break into the world of Siemens while gaining all the skills and knowledge you need to build a successful career with us, then the Siemens Graduate Program is for you.

This global two-year program will allow you to experience three exciting assignments in total, with the opportunity to work abroad for one of them. You'll be assigned a personal mentor, manage your own projects and join a rich network of SGP participants from around the world.

Who are we looking for?

We're looking for bright, inquisitive graduates from all backgrounds who have recently completed, or are about to complete, a Master's or equivalent degree. The ideal person has:

-  International experience and is fluent in English
-  A motivating and inspiring personality – and wants to make change happen
-  A hands-on approach and is great with ideas
-  A desire to contribute in a challenging and diverse environment
-  The freedom to travel, or relocate to any of our 190+ locations

If you want to take on the challenges of tomorrow, we'd love to meet you.
